The author has taken up an important area for research. There is sufficient literature on the campus safety. Some of them are: Global Coalition to Protect Education from Attack (GCPEA). The author has to focus on the incidences and impact attacks among key actors and to cultivate police support for the safety of students and faculty members; promoting better systems to monitor and report attack on the institution; training the students, etc.

It is essential to review the existing articles on smart online security, smart cameras on access control, management of emergencies, medical assistance, security management, promoting effective programs and policy to protect students and faculty.
