Potential competing interests: No potential competing interests to declare.

The author has given a timely interpretation of the Orwellian paradigm, based on applied hermeneutics and literary critique. Origin and nature of the totalitarian superstructure and social determinants have been profoundly discussed in this humanistic discourse of phantasmagoria and emerging realities in the tech-know-logical Information Age, with respect to literary futurology and hermeneutic exegesis of a classical text of modernity.

If there is hope, wrote Winston, it lies in the proles.

He wrote:

Until they become conscious they will never rebel, and until after they have rebelled they cannot become conscious.

That, he reflected, might almost have been a transcription from one of the Party textbooks. The Party claimed, of course, to have liberated the proles from bondage.
