(A) RECOMMENDATION

Minor revision

(B) COMMENTS

TITLE:

Title: title is confusing, revise the title that will clarify the objective, and scope of the article.

ABSTRACT:

Abstract is well written and stated the future implications.

HIGHLIGHTS:

Highlights seems extensive, present like bullet points.

INTRODUCTION:

The introduction should focus on objectives, current scenario and future implications. Improve connectivity and flow.

DICUISSION:

The Emergence of SARS-CoV-2 Variants: This section is briefly discussed, several important details are missing, try to include important topics.

Host Genetics and Susceptibility to SARS-CoV-2: this topic is interesting, kindly elaborate the discussion.

Add future implication subsection.
