

Review of: "Teaching Method Preference by College Teachers in India"

Nandini Sharma

Potential competing interests: No potential competing interests to declare.

The revised version has incorporated all suggestions and responded to the queries raised. The paper needs revision in the following sections:

The Literature review seems sketchy and does not cite any studies. The Reference section, however, cites the studies reviewed. The Literature review needs to be rewritten,

The discussion also needs to be revised along with the literature review.
