

Review of: "Responsible Geosciences, or Geoscience Literacy for Urbanites"

Manuel Miguel Jordan Vidal¹

¹ Universidad Miguel Hernández de Elche

Potential competing interests: No potential competing interests to declare.

It is a well-written article of great interest that opens the mind to managers and specialists in urban planning and sustainability.

As a recommendation to carry out the most useful work for the reader, I recommend introducing some traffic or explanatory sketch, as well as the methodology used in the systematic study.
