

# Review of: "[Mini Review] Role of Mango in Immune System"

Kiranmai Mandava

Potential competing interests: No potential competing interests to declare.

I agree with your opinion that it is necessary to know the role of the King of Fruits and its immunological contributions. I speculate that the role of research findings on mango is being limited. Especially *in vitro* and *in vivo* specifications are not reproducible.

Page 7, heading 4: It is preferable to add **processed** for this sentence (typographical error). Authors would have added a few figures and interesting research findings in order to grab the attention of readers.
