Potential competing interests: No potential competing interests to declare.

1. Advise to authors to resubmit after addressing following serious issues.
2. Lack of scientific presentation.
3. The introduction section is supported with only 10 references. No other section is supported.
4. No Materials & Methods test has been supported with references, although all the methods employed are already well established and reported.
5. Water absorption test has been covered under Mechanical Properties.
6. Mechanical Properties evaluation should be covered under Materials and Methods.
7. Very unnecessary images have been inserted in the manuscript.
8. Fig. 7 has not been supported by the reference.
9. The resolution of Fig. 7 is not up to par.
10. The manuscript needs thorough revision.
