

Review of: "Reasons for diagnostic delays in Bipolar Disorder: Systematic review and narrative synthesis"

Jelena Stojanov

Potential competing interests: No potential competing interests to declare.

First of all, I want to praise the choice of topic, approach, detail, and the message that the work carries with it. It is recommended that the reasons for misrecognition and landmarks for differentiating comorbidities be elaborated in the paper, as well as the author's opinion on how to overcome the problem in focus.

Praise,

Jelena Stojanov, MD.
