

Review of: "Digital Skills and Learning in Tanzania Secondary Schools: Students and Teachers' Influence"

D.E. Aduba

Potential competing interests: No potential competing interests to declare.

The article is well articulated, clearly written in comprehensible language. The method of data collection and analysis employed are adequate.

1. However, the writer should state the aims/purpose of this study
2. The writer should justify the study
3. The writer should also state the significance of this study.
