Potential competing interests: No potential competing interests to declare.

- 1- Grammarly and spelling errors need correction.
- 2- Some of the abbreviations need to have their meanings clarified.
- 3- All the theoretical backgrounds that are mentioned need references.
- 4- I see this paper aims to explain the concepts of ante-hoc and post-hoc explanations and make a comparison among chaotic systems.
- 5- The manuscript must be organized in a better method.
- 6- Since the study is a review study, the related works section must separate it in an organized method and make a comparison among these studies, explaining their advantages and disadvantages and explaining which of them is the better study by giving the reasons.
- 7- The proposed solutions need further clarification.
