

# Review of: "Using the Altman Z-Score Model to Forecast the Financial Distress of a Subset of NIFTY 50 Companies in the Indian Stock Market"

Yanuar Bachtiar

Potential competing interests: No potential competing interests to declare.

I'd like to offer some suggestions for the authors:

1. The authors need to highlight the urgency in conducting this research.
2. The authors need to add related theories and studies that supported this research.
3. The authors need to elaborate the implications of this research.
