**Potential competing interests:** No potential competing interests to declare.

1- it is better if you add this article to your article. you can use it in the background and discussion: it is about the confirmatory factor analysis about the interpersonal communication between a nursing student and patient in hospital setting. Ghiyasvandian Shahrzad, Abdolrahimi Mahbobeh, Zakerimoghadam Masoumeh, Ebadi Abbas. Development and validation of a therapeutic communication questionnaire for nursing students. contemporary nurse.2020.56(1):49-61.

2- it is better to include more samples in future investigations. the sample for factor analysis should be at least more than 200.
