

Review of: "A Brief Summary of Prompting in Using GPT Models"

Gaofeng Xu

Potential competing interests: No potential competing interests to declare.

This review provides information on the emerging research fields related to the use of GPT models in various applications. The authors are familiar with this topic and are enthusiastic about sharing their findings and insights. However, the downside is that the topic is too broad, not deep enough, and lacks data, models, and charts to support it. Please supplement with relevant chart data; the article will be more powerful.
