

Review of: "[Viewpoint] World Immunization Week: Immunization of Healthcare Workers – A reminder"

Silvia Simonini

Potential competing interests: No potential competing interests to declare.

It's a good short article which underlines the importance of immunization of healthcare workers to protect themselves and patients.

In table 1, vaccination recommendation for measles, mumps and rubella should be changed: "MMR vaccination for those who have no serologic evidence of immunity" or documented evidence of vaccination (2 doses).
