# Rare form of salmonellosis

INSERM

## Source

INSERM. (1999). *Orphanet: an online rare disease and orphan drug data base. Rare form of salmonellosis. ORPHA:795*

Salmonellosis is an infection of salmonella, which are mobile flagellated gram-negative bacteria belonging to the enterobacteria family. Two nosological groups should be distinguished: typhoid fever due to *S. typhi* and *S. paratyphi* A, B and C, and salmonelloses themselves.
